- Please note that in order to provide an accurate quote for your photo editing and / or restoration needs, you will need to bring or send your photos in person, by mail or via email for a proper assessment.
- When doing any form of editing, it is always best to use the original image, whenever possible. If this is not possible, please provide in a digital format in a resolution of at least 300 DPI.
- Specialty “fun” editing is also available: ie: cropping a loved one’s head and placing it on a clipart body (ie: a super hero!) for a fun photo.
- We provide prints only for photos we have restored, edited or our own photography.

For any other photo needs, please call or email and we will do our best to assist you.
